

Camden Exclusive

The Exclusive sculptured frames fit naturally into its surroundings complementing any building without compromising on style. The Exclusive frame has been specifically fabricated for the Camden Group and is only available to Camden customers, its stylish striking looks are designed to enhance the home of image conscious property owners

The internally and externally sculptured profile offers a beautiful traditional finish to the frame with all the advantages of modern PVCu materials.

The Exclusive features 4 internal chambers adding to increased thermal efficiency properties. Available in 3 classic colour combinations White, Mahogany and Oak, the windows are fitted with low level colour coordinated gaskets, which will not obstruct views and will enhance the overall appearance.

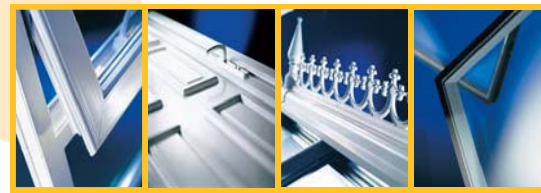

24mm beading and internal glazing come as standard, 28mm glazing bead available as an optional extra.

The Exclusive frame is offered in Casement, French windows and as Special shaped frames. Tilt 'n' turns are available in the Essential profile which will blend with the Exclusive range; the matching Essential frames will have a chamfered outer frame and matching
